Notes

*Fees are set by the University of California and may change. Fee amounts are based on UCLA's 2026–27 rates; fall 2027 amounts will be posted when approved. The GOLD Fee amount is estimated.

**Student health insurance (UCSHIP) can be waived with proof of comparable coverage.

†The accelerated option requires the permission of the MPDS director and an approved capstone project. Accelerated estimates assume enrollment in fall, winter and spring of the first year and fall of the second year, with no summer enrollment. Quarterly fees and insurance are estimated as one-third of the annual amount.

Tuition is set each year by the University of California. The same per-unit rate applies to California residents and non-residents.

All applicants are considered for merit-based fellowships; no separate application is needed. For financial aid, visit grad.ucla.edu/funding/financial-aid.

Estimates do not include materials, housing, or personal expenses. Actual charges depend on the units in which you enroll.
